Total Time 59.37 minutes

### **A gentle introduction to the magic of traditional Christmas carols for baby and family.**

Following the worldwide success of Music for Dreaming, Cherie Ross has again integrated music and medical research to create Music for Dreaming Christmas.

This continuous instrumental recording performed by the Music for Dreaming ensemble, brings together the finest musicians courtesy of the Melbourne Symphony Orchestra.

Reproducing the rhythm of the resting heartbeat and supporting natural sleep cycles, this music conveys in a unique simple language, a calming and peaceful message.

A gift of peace for all the family...
